## SUMMARY

Frontend Developer with experience building modern web applications using Next.js, React, TypeScript and WordPress. Skilled in developing responsive user interfaces, authentication systems, REST API integrations and scalable SaaS applications. Experienced in both agency and freelance environments, delivering production-ready web solutions while continuously improving modern frontend and full-stack development skills.

## EXPERIENCE

### Frontend & Web Developer

#### Freelance

2024 - Present

- Develop modern web applications using Next.js, React and TypeScript.
- Build custom business websites with WordPress.
- Create responsive, mobile-first user interfaces.
- Integrate REST APIs and third-party services.
- Managed deployment, hosting, domains and production environments.
- Deliver end-to-end web solutions based on client requirements.

### Frontend & WordPress Developer

#### PAK Medya

February 2026 - June 2026

- Developed and maintained corporate WordPress websites.
- Built responsive layouts using Elementor and custom CSS.
- Managed hosting, domains, SSL and DNS configurations.
- Performed maintenance, UI improvements and deployments.
- Collaborated with designers and project managers.

### Junior Frontend Developer (Intern)

#### Gradatim Soft

2022 - 2023

- Assisted in frontend development using HTML, CSS and JavaScript.
- Collaborated in an Agile development environment.
- Supported UI implementation, testing and bug fixing.
